

(Headsets - High noise)

NOISY ENVIRONMENT WIRED HEADSET WITH CONNECTION FOR VOCOLLECT TALKMANS & CLIP FOR SAFETY HELMET

Weight	230 g
Main color	Black
Material	Multiple (ABS plastic structure / clip with metal arms / thermoplastic polyurethane cable)
Size	Universal
Cable length	120 cm
Cable type	Straight cable
Connector type	5 pin male mini XLR (headset)
Connector type	5 pin female mini XLR (cable)
Connector type	Vocollect compatible (cable)

Rugged industrial wired headset for Vocollect talkmans T2, T2X, T5, A500 & A720, and compatible solutions

Specific model for wearing with a safety helmet (not included), it is perfectly suited for use in high noise and/or freezer environments (up to -25°C)

- Fastening clip (SA-ECHS2CLIP) for safety helmets, easy and quick to replace. For classic use, the clip can also be easily replaced by a headband (SK-ECHS2-HDBD)
 - Earpad cushion completely covering the ear
 - Noise-cancelling microphone significantly reduces ambient noise mixing with worker responses
 - Vocollect compatible connector and cable easily interchangeable thanks to the mini XLR connector
 - Even the shell of the terminal connector can be changed thanks to its 3 screws (SK-REPAIRVOC4)
- Each headset is delivered with a cable with a Vocollect compatible connector (SC-ECHS2&VOC2)
 May not work with some A500 and A700 series talkmans (contact us or contact a reseller for a preliminary check)

Especially designed for voice picking operations, our headsets are tested and proven daily in demanding industrial and warehouse environments worldwide
