| Cable type | Straight cable |
| Connector type | Vocollect compatible |

Industrial wired headset for Vocollect talkmans T2, T2X, T5, A500 & A720, and compatible solutions

This model offers ideal comfort in demanding or/and freezer environments (up to -25°C)

Each headset is delivered with a high-quality Vocollect compatible connector and cable

Model with long cable (125 cm)

Very comfortable and adjustable double headband and noise-filtering microphone

The cable-speaker part, microphone boom and headband can be purchased as spare parts

It is recommended to have the substitutions made by our after-sales service or by your reseller

The shell of the terminal connector can be changed thanks to its 3 screws (SK-REPAIRVOC4)

May not work with some A500 and A700 series talkmans (contact us or contact a reseller for a preliminary check)

Especially designed for voice picking operations, our headsets are tested and proven daily in demanding industrial and warehouse environments worldwide
